Oslo Bench

"With the Oslo Sofa series, we wanted to create a design that had a light and airy appearance with extensive comfort. Its smooth, embracing curves makes it a both inviting and sculptural design while the slender legs give it an elevated and refined look. The Oslo Sofa series brings a new perspective, with its rounded softness and gentle seat—a friendly design for any setting of the modern home and office."

— Anderssen & Voll

Designed by	Anderssen & Voll
About the Designer	Anderssen & Voll are two-thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
Environment	Indoor
Country of Production	Poland
Description	The Oslo Bench marries the ideas of Scandinavian design with playful lines and a soft seat, complementing any lounging setting or used on its own.
Material	The frame is made from steel and FSC™-certified (FSC-CO28824) wood. The seat and back are constructed with molded PU foam and zig-zag springs for comfort and support. The piece is fully upholstered in textile, imitation leather, or leather, with leather sourced from selected premium suppliers. The legs are available in chromed or powder-coated steel and are fitted with felt glides.
Cleaning & Care	Textile: For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean, warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to kvadrat.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another. Imitation Leather: Clean with lukewarm PH-neutral, soapy water, and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterward. Leather: As a natural material, leather requires looking after. If you care for the leather correctly, it will become even more beautiful over time. Refine Leather, Easy Leather, and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather. Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water; otherwise, the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid chemical products, such as saddle soap, leather cleaners, or household products. Base: Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

Oslo Bench
