Lucca SC51

Space Copenhagen

2020

Please read these instructions carefully and retain them for future reference to ensure that the product is used correctly. For your own safety, please study each step of this instruction manual first. &Tradition is not responsible for any faults or damages caused by not following these instructions correctly. Do not modify this product in any way.

Contents

- A Lucca SC51 lamp
- B Micro USB charging cable

Safety precautions

- Dispose of plastic bag from packaging and do not allow children to play with it.
- Keep product well out of children's reach.
- Consult a professionally qualified electrician if in any doubt.
- Do not place the cable within reach of small children or anywhere with a risk of falling over it.

Cleaning instructions

- Wipe surface of the glass shade with a soft, damp sponge or cloth, and wipe immediately with a dry cloth.
- Do not use any abrasive cleaning tools such as steel wool, scouring sponges or stiff brushes.
- Never use strong cleaning agents such as white spirit, turpentine, household glass cleaner or cellulose thinners.

Important

&Tradition will not accept any responsibility for any accidents or injuries that occurs due to the use of incorrect USB cable input.

The battery must be removed from the luminaire before it is scrapped; the appliance must be disconnected from the supply mains when removing the battery; the battery must be disposed safely.

For further information or inquiry, please do not hesitate to contact &Tradition by mail on:

Input 5.0V \equiv 2A USB cable
Output 2,5 Watt dimmable LED board

Charging time: 8 hours
Operating time in highest light setting: 12 hours

Step 1

The lamp is delivered fully assembled.

Step 2

Before use, the battery in the lamp needs to be charged. Plug in the micro USB cable into the USB port in the bottom of the base of the lamp. Connect the USB cable to a power supply.

Step 3

When charging the lamp a red LED light will appear next to the USB port. When the lamp is fully charged the red LED light will turn green.

Be aware to close the lid to the USB port properly after charging to ensure no water gets inside.

Step 4

Turn on the lamp by pressing the button in the bottom of the base. The light intensity can be adjusted by pressing the button multiple times.

The lamp has 3 light intensity levels: 100%, 50% and 20%.
