

Certificate of Sustainability

Declaration of Environmental Responsibility

iSiMAR was born in 1964 with the aim of manufacturing equipment and furniture from noble, resistant, durable, and environmentally friendly materials. Today, after more than 55 years, our mission remains the same. Through quality industrial manufacturing, carried out entirely in our factory, we try to offer unique products, made under strict quality standards, and maintaining our commitment to sustainability in each phase of the product's life.

Product lifetime

At iSiMAR we control the manufacturing process from start to finish, considering every stage of the product's life cycle: from the extraction of the materials, production, transportation, and use received until the end of its useful life. We also set up protocols and measures that help us reduce our environmental impact.

Materials

Aluminium and steel
100% recycled and recyclable

Textile

We upholster with the best outdoor fabrics from leading suppliers such as Sunbrella, Bliss, and Tuvatextil, ensuring that the product has a long life cycle.

Paint (Powder-Coatings)

Our paints are lead-free and non-toxic. It complies with the European Directive "Restriction of the use of certain hazardous substances" free of volatile organic compounds (VOC), hazardous atmospheric pollutants (PAH), heavy metals, solvents.

End of product's life

100% recyclable by weight
100% removable. Quick and easy.
Parts clearly labeled for recycling.

Certificates

ISO 9001
Manufactured under the UNE EN531 standard.

ISO 9001
BUREAU VERITAS
Certification

Transportation

We optimize volumes and shipments.
We work to ensure that our packaging is environmentally friendly.

Recycling

Structure 
Blocks

#BeRespectful

We have developed a Social Responsibility Policy (SRP), a global plan that protects and strengthens our principal Sustainable Development Goals (SDG).

01

Our products are made with materials that are 100% recycled and recyclable.

02

We are committed to a circular economy, producing and developing products that have a long life.

03

Our factory is powered by 100% PV solar energy. We produce 5 times more renewable energy than our consumption. We provide our surplus to other local companies.

04

We strive every day to reduce our carbon footprint. We have achieved CO2 negative emissions, contributing positively to the environment.

05

We have a plastic-free product and packaging policy, as well as other minimum waste, responsible consumption and recycling measures.

06

We promote innovation and incorporate technological advances in order to grow and help our community grow.

07

We support local industry. 100% of our suppliers are European and 80% of them are located in our region, in a radius of less than 60 miles.

08

Our company ethics work for the human rights, progress, workplace security and the equality of opportunity for all gender and race.

09

We carry out activities and alliances with like-minded organizations, with those who share the same objectives and values as us.

Sustainable Statement
