

Trumpet Coat Stand

Recycled aluminum

The Mater Trumpet Coat Stand is a contemporary and sculptural piece of design made by the Danish architect duo Space Copenhagen.

The nine discs in three different sizes are fitted to the stand and positioned at angles suitable for hanging hats, scarves and umbrellas.

Aluminum

70% of our aluminum is made from recycled old pipes, tubing and other aluminum waste. It is melted and used in several of our sand-casted products. In this way we transform discarded scraps into beautiful design pieces.

Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.
