

Arced Mirror

“The Arced Mirror’s characteristic shape is both angular and rounded, blending my research on material extrusions with the classical shape of windows I see on my way to work in Sydney. I wanted to take a form that fits in a variety of environments, and put a subtle twist on it: the milled details and stained wood material make for a modern interpretation on a traditional form. That gives it a sense of familiarity whilst being pared back and sophisticated.”

— Rhys Cooper

Designed by	Rhys Cooper
About the Designer	Rhys Cooper is a furniture, lighting, and object designer based in Australia. Establishing his studio in 2016, Rhys is committed to working with high-quality materials and collaborates closely with local Australian artisans and industries. Rhys is passionate about producing dynamic and original designs that balance artistic integrity and producibility. His work seeks to spark conversations and introduce new dialogues.
Environment	Indoor
Country of Production	Slovenia
Preassembled	Yes.
Description	Blending a traditional wooden mirror style with a modern touch, the Arced Mirror comes in two versatile sizes and features a subtle frame recess, giving it a charming window-like allure. The mirror is treated with a wood stain color and finished with a clear matte lacquer that brings forth the natural character and grain of the spruce wood. Available in 5 colors—Light Grey, Light Green, Light Lilac, Midnight Blue and Spruce each offering a distinct and unique expression.
Material	Frame made from FSC™-certified (FSC-C028824) spruce wood. Clear mirror glass. The spruce wood frame is treated with a wood stain color and finished with a clear oil. For the natural spruce variant, the frame is treated with a white pigmented oil. A black backboard encloses the mirror.
Cleaning & Care	<p>To clean the Arced Mirror, use a mild glass spray and wipe with a soft, dry cloth immediately after spraying. Avoid spraying the spruce wood frame. Do not let acid or alkaline cleaning products come in contact with the frame. Make sure that the mirror is dry when cleaning is done. Ensure the space between the frame and glass is also dry after cleaning.</p> <p>To maintain the frame, apply a clear oil to all surfaces to protect the color and enhance the wood's durability. For guidance, consult your local hardware store.</p>
