2x 15W - E14

The Deco collection has its origins in the cylinder wall lamps, found within the lobby and entrance halls of 1930s Art Deco buildings. Deco is a highly minimalistic and simplified lamp design, based on a sleek iron profile casing and a cylinder opal glass shade. The translucent glass shade is characterized by a fluted structure, adding a shimmering and decorative detail to the light the Deco collection comes in a wall lamp, pendant and chandelier. The pendant features an adjustable steel wire, enabling both vertical and horizontal lamp installations.
