

# Relate Side Table

“We were seeking to design a simple, comfortable and easy-to-use side table that would make a natural complement to any lounge, work or home setting. With two soft gentle shapes connected by a bent metal bar, the Relate Side Table makes a subtle yet bold statement, serving a functional purpose while adding a touch of modern design to any space.”

<b>Environment</b>	Indoor
<b>Country of Production</b>	Denmark
<b>Preassembled</b>	No - Mount base to tabletop.
<b>Description</b>	An elegant side table with two planes, connected through a graphic leg for a modern expression. Pull the Relate Side Table up to a sofa to use as a hot desk or place it in any space to hold various objects.
<b>Material</b>	Tabletop in either Linoleum on MDF, oak laminate on MDF, oiled Solid Oak or oiled Smoked Oak. Frame in powder coated steel.
<b>Cleaning &amp; Care</b>	<p>Laminate &amp; Linoleum: Clean the table with a damp cloth. If necessary, only use a mild detergent or washing up liquid and not concentrated. Always wipe with a dry cloth afterwards. To minimize the risk of stains and marks, liquid, grease etc. should be removed straight away. For linoleum versions, linoleum care is recommended for optimal saturation of the natural material 2-3 times a year. It is recommended to clean linoleum versions with a damp cloth and a pH neutral cleaner and wipe dry to remove any residues.</p> <p>Solid Oak &amp; Solid Smoked Oak: Upon receiving your table, we recommend that tabletop and bottom is treated with special oak wood oil, improving its resistance to stains and fluids*. We also recommend that you continue caring for the product by repeating this treatment 2-3 times a year. For products in Solid Oak, we recommend using a tabletop oil with a small amount of white pigment, suitable for food applications*. For products in Smoked Oak, we recommend using a smoked tabletop oil, suitable for food applications*. Clean tabletop often and carefully with a soft and dry cloth following the wood's grain patterns. The product should not be exposed to excessive humidity, heat, or direct sunlight. Avoid placing the table in the immediate distance of a heat source. Do not place hot or wet objects directly on the table, as they can leave a mark on the tabletop. Metal objects can leave a mark if left on the table for a longer period of time. Any spill should immediately be removed to avoid discoloring. Clean the table top often and carefully with a soft and dry cloth following the wood's grain patterns.</p>

\*Muuto recommends that you contact your local hardware store to get advice on oils for indoor use.
