

# Visu Bar Stool

## Wood Base - 75 cm / 29.5"

“The idea for the Visu Bar Stool was to create an elegantly simple interpretation of the archetypal wooden seat. I wanted for the design to have a subdued and timeless character that would add feelings of modern familiarity to any room together with a comfortable seat. The Visu Bar Stool features a seat in form-pressed alongside and a discrete footrest for a new perspective on the traditional wooden bar stool, echoing the ideas of Scandinavian design together with a modern expression.”

— Mika Tolvanen

**Designed by** Mika Tolvanen / 2014

**About the designer** Mika Tolvanen is part of the Finnish Rehti Design group. After graduating from the Royal College of Art with a Master in design in 2001, Mika established his own design office in Helsinki. He has since worked with some of the world's top designers and manufacturers.

**Environment** Indoor

**Country of Production** Latvia

**Preassembled** Yes

**Description** With its small curved back and long elegant legs, the Visu Bar Stool is a perfect accompaniment for any kitchen counter or restaurant bar. Made from form pressed oak, the gentle silhouette of the chair contrasts with the texture of the wood for a toned-down Scandinavian aesthetic.

**Material** Shell is form-pressed. Base is cut and all elements are lacquered.

Non-upholstered version: Form-pressed oak or ash veneer shell and base, both in water-based lacquer, alongside footrest in powder coated or stainless steel.

Upholstered version: Shell is made in formpressed veneer with foam and fully upholstered with textile or leather. Wood Base in formpressed veneer with water-based lacquer and footrest in powder coated or stainless steel.

Oak and ash veneer: slight color variations can occur due to the inherent characteristics of the material.

### Cleaning & Care

Clean on a regular basis using a damp and clean cloth. Remove stains using a mild mixture of water and detergent. Avoid contact with sharp objects as these can leave scratches in the wood and lacquer.

For textile upholstery versions, please find specific cleaning instructions for your chosen textile at [kvadrat.dk](http://kvadrat.dk). For leather versions, clean leather with a dry cloth regularly. Treat the leather when needed using only special leather treatment products.

Both versions with PU lacquer and water-based lacquer of this product can be cleaned with alcohol disinfectant. However, please note that as wooden products will get patina where the surface color can slightly fade. If cleaning is uneven, this may become even more apparent yet the lacquer will stay in place. For wooden products in lighter colors, the patina will be less apparent.

### Spareparts

Plastic glide included. Felt glides sold separately.
