

Loft Chair

“The Loft Chair combines the complementing opposites of robustness and elegance through materials—its wooden seat and metal frame—with a soft, industrial appeal. The design features an archetypical look for a feeling of familiarity while the subtle details, such as its sturdy back legs, gives it a unique expression. The design fits seamlessly into any spatial context while providing maximum comfort to its user.”

Description	Loft Chair exemplifies honest, simple design thanks to an expression inspired by industrial design. The design features contrasting materials with its frame in powder coated steel that is offset by the soft plywood on seat and back, molded to embrace the user's body.
Material	<p>Powder coated steel frame with back, and seat in formpressed layer glued veneer, with beech core veneers and an oak surface veneer. Waterbased laquer.</p> <p>For Stained Dark Brown version only: Please note that slight color variations can occur due to the inherent characteristics of the material.</p>
Cleaning & Care	<p>Wood and veneer surfaces : Wipe off with moist cloth and remove excess liquid with dry cloth.</p> <p>Textiles: Remove non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water. Finally, dab the surface with clean water. See kvadrat.dk or nevotex.com for further cleaning and maintenance instructions for your chosen textile.</p> <p>To avoid scratching table surfaces, Muuto recommends not hanging the chair on tables by its armrests.</p>
Spareparts	Pre-mounted plastic glides included. Felt and plastic glides can be purchased seperately.
